monetary penalty. The Board is of the opinion that due to the contract price being critically over the estimate, and that the complainants would have a reasonable expectation that Mitchell Services Incorporated were aware of the gross overage and failed to communicate that overage, and due to that lack of communication the Board voted that the conduct rises to the level of misconduct.

After discussion, a motion was made by **Mr. Redifer** and seconded by **Ms. Wood** to direct staff to commence the audit of educational courses, starting in January 2008. This was deemed to be necessary due, in part, to complaints and concerns staff has received from class participants. Also to allow certified trade-related building inspectors to count a single year of full time inspection experience, and the related training, as fulfilling the 240 hour education requirement for licensure set forth in 18 VAC 50-30-40 of the regulations, but that inspection experience does not meet the definition of practical experience in that same section.

**Cronin, Hart and Rackas Pate were absent.**

After discussion, a motion was made by **Mr. Redifer** and seconded by **Mr. Smith** to affirm the requirement that all tradesman CE courses must be approved by the Board in order to be counted towards the renewal requirements set forth in the regulations. This was done as staff has received dozens of inquiries from inspectors complaining that DHCD has not had their code update courses approved, yet they are required in order to maintain one's inspection credentials.

**The motion passed by unanimous vote. Members voting yes were: Kinser, Kirby, Miller, Modisett, Redifer, Smith, Tomlin, Walton, and Wood.**
